

Contents

Preface	xv
Section 1: Nutrition Guidelines	1
<i>Nutrient Needs</i>	
A Feeding Guide for Good Nutrition: Food Groups and Serving Sizes	3
Food Guide Pyramid	7
Calorie Needs for Children	9
Calorie Needs for Children (Metric)	11
Are Vitamin and Mineral Supplements Necessary?	13
Vitamin and Mineral Requirements	15
Vitamin and Mineral Resources: What They Are, Where to Find Them	17
Sneaking in Vegetables	19
How to Add Calcium to Your Child's Diet	23
Fluid Facts	25
Preventing Dehydration	27
Reading Food Labels	29
<i>Changing Mealtime Needs</i>	
Feeding Progressions: What to Feed When	33
No Cow's Milk for Babies	37
Foods a Baby Shouldn't Eat	39
Dietary Guidelines for Kids	41
Your Child's Changing Appetite	43
Your Child's Eating Schedule	45
<i>Growth and Nutrition</i>	
Is My Child Growing at a Healthy Rate?	47
Nutrition Screening	57
Keeping Diet Records	59
<i>Dental</i>	
Taking Care of Teeth	61
<i>Safety</i>	
Mealtime Safety	63
First Aid for Choking	67

Vegetarianism

Vegetarian Kids	69
The Vegan Diet	71

Section 2: Breast- and Bottle Feeding

Breast-Feeding

Breast-Feeding Benefits	75
Breast-Feeding Basics: Do's, Don'ts, and Troubleshooting	77
Tips for Expressing Breast Milk	81
Tips for Storing Breast Milk	85

Formula Feedings

Tips for Healthy Formula Preparation	87
Choosing an Infant Formula	91
High-Calorie Formulas	93
Increasing Formula Concentrations	95
Decreasing Formula Concentrations	97

Preparation for Sucking

Positions for Helping Your Baby Suck	99
Chin Tuck during Bottle Drinking	103
Helping Your Baby Organize for Sucking	105
Choosing the Right Nipple	107
Helping Your Baby Suck	109

Bottle Holding

Helping Your Baby Hold the Bottle Independently	113
Homemade Bottle Holder	117

Weaning

When to Wean	119
--------------------	-----

Section 3: Introducing Foods from a Spoon

Transitions to Strained Foods

Helping Your Child Transition from Liquids to Strained Foods	123
How to Prepare Your Own Baby Food	125
Food Ideas: Recipes for Homemade Baby Food	127
Food Ideas: Strained Foods	129

Transitions to Lumpy Foods

Helping Your Child Transition from Strained Foods to Soft, Lumpy Foods	131
Food Ideas: Soft, Lumpy Foods	135

Feeding from a Spoon

Picking a Spoon to Feed Your Child	137
Helping Your Child with Removal of Food from the Spoon	139

Section 4: Independent Feeding

Independent Feeding Readiness

Mouth Play for Babies	143
Is Your Child Ready for Independent Feeding?	145
Positions for Independent Feeding	147

Finger Feeding

Is Your Child Ready for Finger Feeding?	151
Food Ideas: Finger Foods	153
Food Ideas: Finger Food Recipes	155

Independent Spoon Usage

Is Your Child Ready for Independent Spoon Feeding?	157
Picking a Spoon for Independent Feeding	159
Utility Hand Hold	161
Backward Chaining for Independent Spoon Feeding	163
Food Ideas: Spoonable Foods	167

Independent Fork Usage

Helping Your Child Use a Fork	169
Food Ideas: Forkable Foods	171

Section 5: Cup and Straw Drinking

Cup Drinking

Is Your Child Ready for Cup Drinking?	175
Choosing a Cup When You Are Doing the Feeding	177
Helping Your Child Learn to Drink from a Cup	179
Choosing a Cup for Independent Cup Drinking	181
Food Ideas: Blender Recipes for Cup Drinking	185
Food Ideas: Blender Recipes—Drink a Meal or a Snack!	187
How to Thicken Foods and Drinks	191

Straw Drinking

Tips for Straw Drinking	193
Special Straw-Drinking Techniques	195
Food Ideas: Straw Drinking	199

Section 6: Oral-Motor Treatment Strategies

Chewing and Biting

What's Involved in Chewing?	205
Increasing Attention for Chewing	207

Jaw

Jaw Movements in Chewing	211
Learning to Bite through Foods	213

Helping Your Child Learn to Bite through Foods	215
The Snack Cap	217
Food Ideas: Noisy Biteable Foods	219

Cheeks

Cheek Movements in Chewing: Too Floppy	221
Cheek Movements in Chewing: Too Tight	223

Tongue

Tongue Movements in Chewing: Too Floppy	225
Tongue Movements in Chewing: Too Tight	227
How to Work on Tongue Lateralization	229
NUK Massage Brush: Tongue Lateralization	233
Infa-Dent Finger Toothbrush for Tongue Lateralization	235
Bite-Chew Activities	237

Swallowing

What Happens When Your Child Swallows?	239
Swallowing: What the Mouth Does	243
How to Work on Tongue-Tip Elevation	245
NUK Massage Brush: Tongue-Tip Elevation	247
Infa-Dent Finger Toothbrush for Tongue-Tip Elevation	249
Understanding the Videofluoroscopic Swallow Study	251

Preparing for Feeding

Oral Alerting Activities	253
Food Ideas: Alerting Tastes	257
Food Ideas: Alerting Textures	259
Facial Molding	261
Adapting the Mealtime Environment	263
Helping Your Child to Focus on the Meal: Using the Senses!	265
Introducing that Toothbrush!	269

Oversensitive Mouth

Tips for Managing Oral Hypersensitivity	273
What to Do about Gagging	277
Does the Sight of the Spoon Upset Your Child?	281

Section 7: Nutrition Treatment Strategies

Anemia (Iron Deficiency)

Preventing Anemia	285
-----------------------------	-----

Constipation

Managing Constipation	287
Food Ideas for Fighting Constipation	291

What to Do for Babies with Constipation	293
Massage Techniques for Constipation Relief	295
<i>Diarrhea</i>	
Managing Diarrhea	297
Long-Term Diarrhea	299
<i>Drug/Nutrient Interaction</i>	
Drug/Nutrient Interactions	301
<i>Food Sensitivities</i>	
Food Allergies	305
Elimination Diets: Tracking Down Adverse Food Reactions	309
Diet Tips for Cow's Milk Allergy	311
Diet Tips for Lactose Intolerance	315
<i>Overweight</i>	
The Overweight Child	317
Calorie Cutters: Food Group Variety	321
Calorie Cutters: Mealtime Makeovers	325
<i>Underweight</i>	
What to Do about Failure to Thrive	327
Calorie Boosters: Tips for Tanking Up	329
Calorie Boosters that Pack a Punch	331
Calorie Boosters: Fueling with Food Group Variety	333
Calorie Boosters: Mealtime Makeovers	335
Section 8: Conditions Affecting Feeding and Nutrition	
<i>AIDS/HIV Infection</i>	
Nutrition and Feeding for the Child with HIV	341
<i>Attention Deficit Hyperactive Disorder</i>	
Nutrition for the Child with Attention Deficit Hyperactive Disorder	345
<i>Bronchopulmonary Dysplasia</i>	
Nutrition and Feeding for the Child with Bronchopulmonary Dysplasia (BPD)	349
<i>Cancer</i>	
Nutrition and Feeding for the Child with Cancer	353
Food Ideas: Favorite Recipes for Children with Cancer	357
<i>Cardiac Issues</i>	
Nutrition and Feeding for the Child with Congenital Heart Disease	359
<i>Cerebral Palsy/Muscle Tone</i>	
Low Muscle Tone: Bottle Feeding and Your Baby	363
Low Muscle Tone: Helping Your Child Transition to Different Food Textures	365

Low Muscle Tone: Helping Your Child Transition from Bottle or Breast to Cup and Straw	369
High Muscle Tone: Positions for Feeding Your Child in Your Arms	371
High Muscle Tone: Positions for Feeding Your Child in a Seat	375
Drooling: When Is It Too Much?	377
<i>Cleft Lip and Palate</i>	
Cleft Lip and Palate: Breast-Feeding Your Baby	381
Cleft Lip and Palate: Bottle Feeding and Your Baby	385
Cleft Lip and Palate: Helping Your Child Transition to Strained and Lumpy Foods	389
<i>Cystic Fibrosis</i>	
Nutrition and Feeding for the Child with Cystic Fibrosis	391
<i>Down Syndrome</i>	
Down Syndrome: Growth and Nutrition	395
Down Syndrome: Breast-Feeding Your Baby	401
Down Syndrome: Bottle Feeding and Your Baby	403
Down Syndrome: Helping Your Child Transition from Bottle or Breast to Cup and Straw	405
Down Syndrome: Helping Your Child Transition to Different Food Textures	409
<i>Gastroesophageal Reflux</i>	
Managing Gastroesophageal Reflux	413
<i>Meningomyelocele</i>	
Nutrition and Feeding for the Child with Spina Bifida	415
Nutrition and Feeding for the Child with Arnold Chiari II Malformation	419
<i>Pica</i>	
Nutrition and Feeding for the Child with Pica	421
<i>Prader-Willi Syndrome</i>	
Nutrition and Feeding for the Child with Prader-Willi Syndrome	423
<i>Prematurity</i>	
Growth and Nutrition Requirements for the Premature Baby	427
Breast-Feeding Your Premature Baby	429
The Premature Baby at Home: Stress Factors and Feeding	433
The Premature Baby at Home: Feeding Positions	435
The Premature Baby at Home: Special Help for Sucking	437
The Premature Baby at Home: Helping Your Baby Transition to Different Food Textures	441
<i>Rett Syndrome</i>	
Nutrition and Feeding for the Child with Rett Syndrome	443
<i>Rickets</i>	
Nutrition for the Child with Rickets	445

Seizures Disorder

Nutrition for the Child with Seizures 447

Sensory Integration Disorder

The Child with Sensory Integrative-Related Feeding Problems 449

Short Bowel Syndrome

Nutrition and Feeding for the Child with Short Bowel Syndrome 453

Substance Abuse in Utero

Feeding and Drug Exposure 455
 Nutrition and Drug Exposure 459
 Nutrition and Feeding for the Baby Exposed to Alcohol 461

Tracheostomy

Tracheostomy and Feeding 463

Visual Impairment

Feeding Your Child Who Is Visually Impaired 465
 Helping the Child Who Is Visually Impaired with Independent Feeding 467

Section 9: Tube Feedings

Types of Tubes and Tube Feedings

Types of Tube Feedings 473
 Gastrostomy Tube Placement Procedures 477
 Tips for Nasogastric Tube Feedings 479
 Bolus or Drip: Which Is Best for Your Child? 483

Feeding Your Child with a G-Tube

Positioning Your Child for Tube Feedings 485
 Gastrostomy Tube: Diet and Growth 489
 Making Homemade G-Tube Formula 493
 Formula Choices for Tube Feedings 497
 Using the Feeding Tube to Give Medications 501
 Tube-Feeding Progress Chart: Tracking Growth and Nutritional Intake 505

Complications

Common Tube-Feeding Complications: Nausea and Vomiting 509
 Common Tube-Feeding Complications: Skin Irritation 511
 Common Tube-Feeding Complications: Leakage around the Catheter Tube Site 513
 Common Tube-Feeding Complications: Leakage around the Button Tube Site 515
 Common Tube-Feeding Complications: Clogged Foley Catheter Tube 517
 Common Tube-Feeding Complications: Constipation 519
 Common Tube-Feeding Complications: Gastroesophageal Reflux 521

Non-Oral to Oral Feedings

Oral Play When the Doctor Says "Tastes Are Okay"	523
Oral Play When the Doctor Says "No Foods or Liquids by Mouth"	525
Helping Your Child Transition from Tube Feedings to Oral Feedings.....	529

School Transition

Tube Feedings: Helping Your Child Transition into School	533
--	-----

Section 10: Family Mealtime Interactions and Communication

Family Interactions

The Family Mealtime Routine	537
Learning from the Family Meal	539
Include Your Child in Mealtimes	541
Playing Mealtime Games	543
Preventing Mealtime Problems	545
Why Consider Infant Massage When Your Child Has Feeding Issues?	549

Communication

Making Choices at Mealtime	553
Mealtime Communication	555

Related Handouts	557
-------------------------------	-----
